to Any Pursuers.

Ashtland, N. H., July 16.—The

families and then proceeded to rob the  
bank. It took three explosions to open  
the door of the safe.

After extracting \$500 from the safe

to follow them the three robbers fled,  
taking the railroad track. There is as  
yet no clue to the robbers.

## TRAILING A MURDERER.

Knife that Killed Her Put to Blood-  
hound's Nose.

Punkapee, July 16.—The knife with  
which Miss Emma Brooks was slain  
in her lonely home near Highland, Wis-  
ter county, was put to noses of several  
bloodhounds yesterday and the dogs  
started west along the Central New Eng-  
land railway tracks on the supposed  
trail of the murderer.

The bloodhounds were taken off the  
scent late yesterday afternoon after fol-  
lowing a trail through the woods and  
ending at the West Shore railroad siding,  
a mile below Highland. It is believed  
the murderer of Miss Brooks boarded a  
train here. Near the tracks a road  
lead pencil, which had been used by  
Miss Brooks the afternoon of the  
murder, was picked up by the officers.  
The authorities are of the opinion that  
the murderer is an Italian and is in

SICKENING MURDER  
TO GET MONEYCleveland Cigar-maker Whacked in The  
Head and Then Held Under Water  
Until He Was Drowned—One  
of Men Suicides.

Port Huron, Mich., July 16.—Louis  
Rosenberg, a cigar maker of Cleveland,  
Ohio, was murdered early yesterday on  
a lonely island in the St. Clair flats. A  
few hours later Frank Elber, also of  
Cleveland, who is charged with the mur-  
der, was also dead from a dose of poi-  
son, self administered. A third Cleveland  
man, Sam Friable, is held as an accom-  
plice to the murder and has made a  
confession of the details of the cold-  
blooded killing.

The three men had met at Elber's  
hotel where they had gone for a vaca-  
tion. Last night Elber showed  
a large sum of money. Yesterday his  
body was found lying in the rushes on  
a lonely little islet. He had been  
stripped of every cent of his money.

As the officers returned to the hotel  
with the body they heard a man inside  
scream: "I've taken dope, help!"

The man proved to be Frank Elber.  
He died within a few minutes. His room  
was searched and in a suit case was  
found a revolver and bloody clothes  
valued at \$200 in money.

Miss Rosenberg, Sam Friable was  
arrested. Friable told a sickening story  
of the cold blooded fashion in which El-  
ber knocked Rosenberg in the head  
with the butt of his revolver and then  
held the cigar maker under water until  
he was drowned. Friable said that  
he acted as well as good seemed to  
figure in Elber's attack on Rosenberg.

Friable declares that his only part in  
the murder was to assist Elber in  
dragging Rosenberg's body out of the  
water.

## FARM BUILDINGS BURNED.

Bad Fire at Peterborough Destroys  
Barns and Live Stock.

Peterborough, N. H., July 16.—A  
large barn and outbuildings on the  
farm of Mrs. Mary Morrison, about  
three miles south of this village, were

calves and 150 hens.

The fire which was of unknown origin  
was discovered about 11:30 p.m. by  
the man in charge of the place, and when  
first seen was bursting through the lin-  
tel of the barn.

The flames spread so rapidly that it  
was impossible to get any of the stock  
from the buildings. The fire department  
owing to lack of water supply was un-  
able to do anything towards saving the  
buildings. The loss will be in the vicin-  
ity of \$8,000. Insurance unknown.

partially stunned.

In Weathersfield, between Ascutney-  
ville and Windsor, a large barn on the

## ON CENTRAL Vt. TRACK

He Entered the Railroad's Employment  
On May 18 and Had Been Mar-  
ried the Third of This  
Month.

St. Albans, July 16.—William Bean,  
a yardman employed by the Central  
Vermont railroad, was struck by some  
cars at the Weldon street crossing last  
night and instantly killed. It is not  
known how the accident happened. One  
car and the forward trucks of another  
had passed over the man's body, fright-  
fully crushing the chest and arms and  
cutting the leg and left foot. Although  
the face was not cut in any way the  
features were remarkably changed from  
what they were in life.

Bean was 22 years of age and en-

## PRIZE HORSE SHOT.

Animal Injured Leg By Kicking Furiously  
at Sting of a Bee.

Great Barrington, July 16.—Within a  
few inches of the head of its owner,  
Miss Sophia Curtis, Surprise, the most  
valuable horse in the vicinity of the  
Lenox colony, kicked so furiously yester-  
day afternoon that it broke cords in its  
leg and had to be shot.

Miss Curtis was exercising Surprise,  
who has carried off blue ribbons at the  
Lenox horse show, when a bee stung  
the animal. Leaping suddenly the horse  
overturned the ruminant. Miss Curtis  
clung to the reins and the horse's hoof  
went close to her head as the frightened  
animal kicked furiously. By talking to  
Surprise Miss Curtis managed to bring  
the animal to a standstill. Veterinaries  
decided that Surprise could not recover,  
and with great reluctance Miss Curtis  
gave permission to have the horse killed.  
Miss Curtis and her guest, Mr. Edward  
E. Kidder of New York watched every  
move, even to the firing of the fatal  
pistol shot.

Surprise had been trained to walk in  
and out of the house, and on one occa-  
sion a fashionable party was given  
in honor of the horse, which was taken  
into the house and given numerous pre-  
sents by prominent New York and Berk-  
shire people who attended.

DROWNING WOMENPlunges Into Lund's Pond at South  
Framingham and Swims to Rescue  
of Nurses From Hospital.

man Knowlton, 16 years old, plunged  
into Lund's pond last night, and rescued  
Miss Davelle and Miss Fuller, nurses in

The two nurses were bathing in the  
pond, when Miss Davelle, who was some  
distance from shore, called for help and  
Miss Fuller started out to save her.  
When she reached her they realized that  
both would be drowned unless aided  
and they called for help. Young Knowl-  
ton, who was walking along the shore,  
heard the cries and threw off his coat  
and swam to the rescue of the two wo-  
men, finally landing them both safely  
on the shore.

## CALLED ROADS "FIERCE."

Glidden Tourists Disgusted When They  
Reached Lacrosse, Wis.

Lacrosse, Wis., July 16.—After the  
hottest day's ride of the course thus far  
over roads filled with rocks and heavy  
with sand, mounting and descending  
high hills and traversing marshy conleas  
the Glidden tourists all arrived in Lac-  
rosse in good condition late yesterday

## SHOOT TO KILL.

To the Order of the Pennsylvania Con-  
stitutional Today.

Pittsburg, July 16.—The state con-  
stitutionality was today ordered to shoot  
to kill if the strikers are seen reaching  
for arms. This has so aroused the riot-  
ous at the pressed steel car company's  
works that the situation is most alarm-  
ing, and it is believed that an attempt  
will be made to start the machinery will precipitate  
a desperate clash. A threat to evict the  
families of the strikers caused intense  
bitterness. The strikers say they will  
resist until death. Thirty-five have al-  
ready been arrested, and it is believed  
that 250 were hurt in last night's riot-  
ing. There is a report that the rioters  
will fire the plant if an attempt is made  
to resume. An enormous crowd is sur-  
rounding it.

Wounded That It Was Killed.

Winoski, July 16.—A young buck  
met his death in a peculiar manner  
early yesterday morning. Mill hands  
on their way to work at six o'clock  
saw the deer leaping through Weaver  
street toward the center of the village.  
The animal appeared frightened and it  
is thought he had been chased by dogs  
although none were then in sight. When  
the deer approached the Weaver street  
bridge he averted for a moment and  
without looking to see where the leap  
would take him sprang over the rail-  
ing and plunged about 40 feet below  
leaving a bloody trail. The fall  
broke one leg and wrenched his neck,  
and to put him out of misery, Oliver  
Ganger cut his throat with a knife.  
Game Warden Ravlin of Burlington  
was notified and the carcass was sold to  
Mrs. Agnes Peery of the Allen

the shingles, destroying a picture on  
the wall, then jumping across the room  
to a bed, where it split a bedpost in  
two, then pulling up a carpet, tearing  
up a threshold, descending to the hall  
beneath, marring plaster with it.

Governor Prouty, George Phillips of  
Lincoln was today taken back to the  
state prison at Windsor to serve his  
sentence which was pronounced on him  
in Addison county court, February term

sent to the state prison following his  
conviction Phillips showed signs of hav-

therefore he was sent to the institution  
here where he could be placed in the  
tuberculosis ward for treatment. This  
part of the asylum is not so well guard-

made his escape. He was captured June  
15 by Deputy Sheriff C. C. Graves and  
put back in the institution here.

Further examination of the patient  
failed to reveal any traces of tuberculosis  
and the man was today recommitted to

His sentence was for not less than two

## DIED AT PORTLAND, ORE.

Mrs. M. A. Edwards, Who Was a For-  
mer Resident of Barre.

W. G. Reynolds received a telegram  
yesterday announcing the death of his  
aunt, Mrs. M. A. Edwards, at Portland,  
Oregon, who will be remembered by a  
great many Barre people because Mrs.  
Edwards resided for many years in  
Barre and since her removal to the  
West she has been on extended visits,  
her last visit being seven years ago.  
No particulars were given regarding  
the death, nor about the funeral and  
burial.

Mrs. Edwards was residing with her  
brother, B. P. Reynolds, in Portland.  
She leaves no children. Her age was  
69. When the woolen mill was being  
operated at Jocky Hollow by G. J.  
Reynolds and George Tilden, Mrs. Ed-  
wards had charge of the department in  
which the women were employed. The  
last time that she was in Barre was at  
the time of the death of her brother,  
George J. Reynolds.

## DROUTH BEING FELT.

Consolidated Lighting Company is Car-  
rying Much on Steam Plants.

Today's rain did not materially break  
the drouth although vegetation felt the  
good effects of the bath. The electric  
power companies are somewhat bas-  
capped by the low water, particularly  
the Consolidated company which has  
been compelled to carry 2,000 horse-pow-  
er on its steam plant at the pioneer and  
500 horse-power on the steam plant at  
Middlesex. The water plant at Middle-  
sex is carrying 700 horse-power and the  
station at Bolton Falls is carrying 800.  
The Corry-Davitt-Frost company is  
getting along pretty well. Their steam  
plant is carrying 300 and their water  
plant 400 horse-power at Kinney's Mills  
and the cars are running all right.
